Action / Discussion	Person responsible	Note (if available)
Team showcased about the new home page of Version 3.0	1, 3	Dr. Nhan accepted the new selection of background color and the existence of more colors from the horizontal scrollbar, making the home page more lively. Team also added information about the gradient to floor caused performance issue and was decided not to be added to the site.
Dr. Nhan and team reviewed one more time about the overall layout of the home page	1, 2, 3, 4, 5	Dr. Nhan suggested instead of putting a panel for changing language, it should be included in the menu bar as one of the item. Because user may rarely change the language when they use the website, we should not automatically have it visible by default.
Team demo again the selection of meridians and acupuncture points to view summary information.	1, 3	Dr. Nhan feedback about the small UI bugs in ellipses for content of item summary in case of exceeding 5 lines.
Team demo flow of view full details from item summary	1, 3	Dr. Nhan asked whether it is available to go back to the home page from detailed page with old state
Team stated that it is possible but just one step. For example, if users search for a query, selecting a result and go to details. Going back would just go back to the details, not able going back to the list of search results	1, 2, 3, 4, 5	Dr. Nhan suggested team should try to investigate about that. And in case of not possible, team should consider allowing searching with the old query with just a single click

Action / Discussion	Person responsible	Note (if available)
Team demo the Advanced Search feature	1, 3	Dr. Nhan suggested also the same thing, allowing going back to the previous page from Detailed page dynamically, depending on the real previous page.
Team demo the Detail page	1, 3	Dr. Nhan suggest changing the use of icon, from the eye icon to the map pin icon to distinguish the eye icons being used in different flows but for different features.
Dr. Nhan suggested instead of typing and enter to search, team should consider allowing search directly from the Detail page	1	
Team demo the Quiz feature again	1, 2, 3	Dr. Nhan approved the new UI, bug suggested changing the color of true or false (red and green) to a lighter shades for better meaning.
Team show the new layout for Personal Records page	1, 3, 5	Dr. Nhan approved the new layout, add a small feedback on putting an arrow down next to the dropdown select to let user know that is the place to change the options for the statistics
Team sum up the show case		

Action / Discussion	Person responsible	Note (if available)
Dr. Nhan asked again about detailed plan of the testing phase	1, 3	Team mentioned the In Progress of covering unit tests for Back-end and Front-end, as well as researching about Automation test for Front-end. Team listed types of testing decided to be involved for sides of the project: - Technical: + Front-end: Unit testing + Integration testing and Automation testing + Back-end: Unit testing - Manual: UI testing, Feature testing
Dr. Nhan asked about team's plan for implementing the test phase	1, 3	Team stated that the technical tests would be completed by the end of April. User testing would be implemented during May
Dr. Nhan discuss about the plan for Defense Preparation	1, 2	Team mentioned about the In Progress step of designing poster. And plan to kick-off the draft content for Slide and Status Report after technical tests have been done. Team also mentioned the plan to leave the last 2 weeks of May for Reflective Report, and summing up all group tasks by the middle of May.
Dr. Nhan suggested team should divide each milestone for each week in May	1	One for poster One for status report document One for presentation slide
Dr. Nhan mentioned the requirement for rehearsal of the final Defense Presentation when the slide has been completed, to verify the flow and check about English skills of team members	1, 3, 5	Team agreed with the plan and mentioned it would be great to rehearse in the middle week of May 2023

Action / Discussion	Person responsible	Note (if available)
Dr. Nhan asked team to state different versions or epics of the final product in the presentation slide, how it was changed and modified from the feedback through the versions	1	Dr. Nhan also suggested having the questionnaire and answers ready to be showed during presentation if requested by the council
Dr. Nhan discussed with team about how the marking progress happened in the previous years	1, 2, 3, 4, 5	The participation of all supervisors of all project with the coordinators in defining the points appreciated by all parties would be required.
Dr. Nhan summed up the meeting and asked team to keep updating the progress and any pending or completed artifacts through Weekly Report	1	
Conclusion and Good bye	1, 2, 3, 4, 5
